

**Weekly Report**  
**01/10/2018 - 07/10/2018**

I spend the whole long weekend for wrote the paper and finally it is done. I pay to buy an account of [plagiarismcheckerx.com](http://plagiarismcheckerx.com) to check the paper's plagiarism. It is still running for checking but I'm not sure it will work or not. Another way to check plagiarism that I already register is [crosscheck.ieee.org](http://crosscheck.ieee.org) but I must pay for use the checking function. If the first one is not work I will buy the second one.

For my plan in the future after graduated, have two choices; 1) go back home and work as teacher or 2) stay here and find a job.
